

What is WestEd's
DistrictsMovingUp

DistrictsMovingUp is a comprehensive, coherent, and intensive team-based process that ensures improved student achievement.

We build district capacity to increase student achievement

We help district personnel create sustainable accountability systems

We use data-driven and results-driven strategies to help districts improve learning for all students

Our leaders are experienced superintendents and assistant superintendents with proven track records leading local and state reform efforts. Our knowledgeable and committed team works collaboratively with district stakeholders to provide customized, research-based solutions that meet the unique needs of your district.

A full-service customized process to increase academic achievement and improve learning for all

What is
DistrictsMovingUp
 all about

WestEd knows from research and decades of experience that a one-size-fits-all approach does not work. That's why the DistrictsMovingUp team develops a **customized proposal** based on individual district strengths and needs. Each DistrictsMovingUp action plan is customized by a leader who is familiar with your district's culture and goals—but most importantly your student achievement data. While the implementation will differ based on each district's unique characteristics and needs, the DistrictsMovingUp process remains the same.

- Implementation and Monitoring**
- *CUSTOMIZED OPTIONS**
- | | |
|--|---|
| Classroom Instruction | English Learners |
| Lesson Planning & Differentiated Instruction | Special Education |
| Leadership Coaching | Standards, Curriculum, & Assessment |
| Parent & Community Involvement | Fiscal Management & Resource Allocation |

10 EVIDENCE-BASED PRINCIPLES GUIDE US

What is the **research base** for DistrictsMovingUp?

1. Focus unwaveringly on good instruction that reflects sound research and best practices
2. Align standards, curriculum, assessment, and instruction
3. Build capacity to analyze and use data effectively to make decisions
4. Build capacity to develop and use effective common formative assessments at regular intervals throughout the school year to monitor progress and make adjustments accordingly
5. Use fiscal and human resources effectively to support student achievement
6. Provide high quality, ongoing, job-embedded professional development that helps all personnel acquire the knowledge and skills they need to perform their jobs effectively
7. Hold all people in the system appropriately accountable for improved student achievement
8. Develop courageous leaders at all levels of the district who can effectively implement and manage ongoing improvement
9. Gain active engagement from family and community
10. Create safe and supportive school climates that enhance school connectedness and engage students in learning

How do we measure
SUCCESS

- → → Your district performance results will increase at a rate higher than the state average
- → → Your district will exceed the expected performance for similar districts in the state
- → → Achievement gaps among ethnic groups and between low-income and non-low-income students will be reduced at a rate greater than the state average
- → → Your graduation rates will increase (high school only)

What is the cost?

DistrictsMovingUp charges only for on-site days in your district. The cost for your proposal is based on the number of consultant days required to complete the services. WestEd's fixed-price daily consultation rate is \$2550, including consulting services, travel, and materials.
